Contact your Marketing Associate if you need a CN Label or Product Formulation Statement

CN LABEL: CN Labeled products provide an assurance that foods provide the stated contributions toward CN meal pattern requirements. CN Labels are available for: (a) items that contribute toward the meat/meat alternate component of the meal pattern and (b) juice drink and juice drink products which contain at least 50 percent full-strength juice by volume.

PRODUCT ANALYSIS SHEET or PRODUCT FORMULATION STATEMENT: When purchasing a processed product without a CN Label, a program operator may request a signed PFS on manufacturer letterhead, which demonstrates how the product contributes to the meal pattern requirements. These documents maybe referred to as 'manufacturer's product statements' or 'product analysis sheets'.
